New Zealand

Making a difference from the South to North Islands...and the Tropics of Vanuatu!! **A trip designed for transformational leaders and messengers**

RE: Join Bart Rademaker's Team in New Zealand in 2016

Life-List New Zealand 2016 is a 14-day life-changing trip to the country of New Zealand created by **Spryte Loriano Global** and **No Regrets Productions**. This trip combines the life-changing experience of living your bucket list and contributing your gifts to make a difference in the lives of the people in New Zealand.

If you have received this document then it means that you are invited to join a team of transformational leaders led by **Bart Rademaker** to accomplish four things:

- 1) **Fulfill your Bucket List items** by traveling to an exotic country, engaging in enriching cultural exchanges, while contributing your wisdom and resources to local communities.
- 2) Connect with other Transformational Leaders and Entrepreneurs in a **high-level Mastermind** and share your vision and mission.
- 3) Be a part of an international experience that not only provides adventure and excitement but provides **massive Contribution** – you'll deliver clean water systems to villages that desperately need it, and to help empower, uplift and educate through our International Wisdom-Share Program called, INSPIRE.
- 4) Be one of the **Messengers Featured in a Web- TV series** and receive **your own Sizzle Reel** that features you in this experience.

On November 5th twenty leaders and messengers will arrive to Queenstown, South New Zealand to accomplish all of the above. During this trip *No Regrets Productions* will film the entire experience to create a **2-part "Live Your List" TV series** on messengers making a difference in another country and featuring the message they share with the world.

Here are the details of the trip, the filming and the TV show:

- This trip is hosted by two very successful entrepreneurs and transformational leaders: **Robert Evans** is the CEO of **No Regrets Productions**, a video production and adventure company which films people around the world experiencing things on their bucket list. **Spryte Loriano** is the founder of **Spryte Loriano Global**, a social enterprise providing humanitarian-adventure trips since 2008 for over 1000 people who want to experience the world while making a difference.
- **No Regrets Productions** will produce a 2-part TV series that will launch out to over 300k people around the world **and 2-minute Sizzle Video** for each person attending.

- There will be approximately 20-25 business leaders, messengers, and entrepreneurs going on this trip including staff and film crew. Four – Six will be Team Leaders, leading three to five Messengers through the New Zealand Experience and the opportunities we provide for them to make a difference. **Bart** is one of these leaders.
- During the trip each group will be given time to lead a “**Tangato Rangoa Circle**” (Tangato Rangoa means Medicine Man in Maori, the main indigenous culture in New Zealand). This space invites each participant to share his/her life “medicine” (or wisdom, healing) with the others in our group - an incredible interactive, healing, knowledge-deepening, group-bonding experience! *This is filmed and used in the TV show and you will receive this raw footage to use as you wish.*
- This trip is a combination of adventure, personal transformation, master-mind, humanitarian work, and a chance to experience a country boundless with beauty and bucket list opportunities. In addition to the things you’ll do with the group, you’ll also discover time to relax and enjoy the resorts and places the group will be staying, while also connecting with the people of New Zealand. This particular trip is designed as a powerful spiritual and personal transformational experience! *You will have the **unprecedented experience of being the personal Guests** of the oldest indigenous nation, dating back over 4400 years, called the Waitaha Nation! This is NOT OFFERED ANYWHERE ELSE. And will be an unforgettable opportunity.*
- This adventure is CO-CREATED by the Transformational Leaders on the trip – Your trip facilitators provide the skeleton, and once we have all leaders and participants assembled, we work as a **collaborative whole** bringing forward each participants’ skill sets, and synergizing for a successful journey together.

Proposed Itinerary (subject to change)

November 5th – Arrive to QueensTown New Zealand (South Island)

November 6, 7 – Adventure Bucket-List! Will you bunjee-jump or sky-dive? Experience the Jet-Boat, hike and explore the most rich, lush landscapes that have made New Zealand famous!

November 8 (9,10)– Fly to Auckland New Zealand (North Island). Prepare for “INSPIRE” 2-Day Wisdom Share Event where you will speak/teach on an International Stage and connect with local youth and adults.

November 11, 12, 13 – Deepen your spiritual, transformational journey and connection to the Earth through private invitation by the High Elder Council, Waitaha Nation (Dating over 4000 years, pre-Mauri, the original Water Carriers of the earth, Matriarchal, Matri-Lineal, called the Nation of the Four Winds)! You will be welcomed in sacred ceremony, and live on their Private Marea for three days to learn from, and share in a cultural exchange with the elder council, and will be taken to Waitaha Sacred sites. Dedication of ground for new Waitaha Wisdom Center (Not offered through any other opportunity or tour group!)

November 14, 15, 16, 17 – Your NZ experience ends in *Vanuatu, 83 tropical island chain in the South Pacific*, where you may find yourself dodging lava bombs, Kava drinking with islanders, snorkeling and scuba-diving, lounging on white or black sand pristine beaches! And, because 50% of its inhabitants have no clean drinking water, you will deliver permanent clean water systems for hundreds of villagers and support relief efforts from last year’s cyclone Pam, leaving a lasting

footprint of service before heading back home.

November 18 – Fly home from Vanuatu (or extend your trip!)

- Our accommodations range from 3-4 star hotels and Eco lodges to Camping at the Marae (family home) of the Waitaha Elders for a truly diverse and transformational experience. You will bond with your fellow travelers in a way that only a humanitarian/adventure trip can provide! A must-be-experienced-to-be-understood adventure.
- You will network and mastermind with other exceptional leaders and professionals, experience the beauty and natural spiritual power of New Zealand, and experience amazing personal transformation.
- The post trip videos, web-tv series, and networking can also greatly transform your business. We like to say, if you're ready for a quantum leap in your personal or business life, this is a conscious, supportive, exciting way to do that!

Benefits to You and Your Transformational Business

Benefits are easy to list but hard to quantify for what happens to each person while on a trip like this is so much more significant than what can be listed in this document. The best way to show you the impact this can have on you is to show you some "Sizzle Reel" videos produced for our participants on our past trips.

Go here to watch some of these videos: <http://www.youtube.com/livingyourlist> (especially watch the videos from the Liberia Africa and Ecuador trips!)

Here's our list of benefits and why they are so valuable:

- You'll teach your message to the other leaders and messengers, enlightening them and opening up possibilities to network with or work with them outside the trip (one or two clients can often generate enough income to cover the cost of this trip). We are also recording you doing this so we can share your message with more people through the TV series and use this footage in any way you choose on your website, in your own business branding and social media.
- You'll be featured in the *No Regrets, Live Your List* TV show, which will launch to over 300k people online, while also being *shopped to a network for a wider release*.
- You'll get your own **PERSONAL 2-min Sizzle Reel**, ideal for sharing online through your website, youtube, or on DVD if you choose. These Sizzles highlight you having a transformational experience, living your bucket list, and contributing to others. Some of our past participants have used these sizzles on their websites, and attribute receiving new clients as a result! Make no mistake about the value of having a Sizzle Reel of you experience, as well as being part of this over-all Series. A professional sizzle reel alone (not to mention first gaining professional footage!) costs well over \$4,000 from most production houses. ***You get it as part of this trip experience!!! No where else is this type of experience being offered.***
- If traveling, making a difference, while at the same time checking things off your bucket list is something you've always wanted to do, then there is not greater chance to do this than through the

trips No Regrets Productions and Spryte Loriano Global produce, with a combined 10 years of experience in humanitarian/adventure travel, serving over 1000 participants.

- ***Our adventure / humanitarian trips are hugely transformational.*** Could you use a boost in your life right now? How would your life or your business benefit from **you awakening to a greater potential within you**, from an experience like this?

Know the value of this trip...

Not everyone can afford a trip like this and many people may not understand the true value that we built into this particular trip. Being from the transformational training world we have designed this trip so that the impact on you and the ongoing benefits outweighs the cost of the trip significantly.

We know of people spending \$10k - \$25k on year long masterminds, and on one-day programs, however when you add up the time in most of those programs there is less *concentrated* time spent **changing you at your core** so that you approach life and your business different than before.

Our video package, and the exposure from our TV show will provide the ongoing benefits to you and your message. If you leverage the raw footage you receive, the video content you're getting, and the Web-TV Series once it launches, and stay connected with the group and this project after the trip is over then we promise you can convert all of this into an amazing return on your money. We provide you the tools! We will even show you how you can best use them if you would like.

To sum it up... **this is a worthwhile investment** in yourself and you business. ***Now all you have to do is decide!***

Don't hesitate, join us in New Zealand! *We hope this has inspired you to join us. YOU and your unique skill set, message and medicine combined with the other incredible leaders on this Invite Only trip, will provide the people of New Zealand and fellow messengers a gift beyond compare, and you the experience of a lifetime. We look forward to meeting you!*
